HOW?

Use a combination of drawing, painting photography and text/words to illustrate the suggested themes using a range of materials, techniques and processes.

WHY?

To develop and refine your observational drawing & photographic skills by looking more closely at the things you see every day.

To explore skills in creating drawings from imagination.

THE PLAN:

Each double page will have a theme which should take you up to the end of the Summer term.

- You can draw from direct observation & use your own photos or find images on the internet as inspiration.
